

DURABLE IDENTIFICATION AND SIGNAGE LABELLING SOLUTIONS

Whatever your labelling needs are, Epson LabelWorks label makers and their related supplies make organisation easy and increase your efficiency.

Whether you work in an office, retail outlet, medical or industrial environment, warehouse, factory, in the education sector or for a third party service company, there is a LabelWorks label maker that will suit your needs and make your organisation more efficient.

These versatile printers are compatible with a wide range of Epson supplies^{*1}:
- LC range for all LabelWorks label makers, 9m tapes from 6 to 36mm widths
- RC range for LabelWorks Pro100, in 50 or 100mm widths

Epson LabelWorks LW-300

Office desktop labelling up to 12mm width

- Electronic label maker with integrated keyboard
- Simple-to-use with high-quality LCD screen
- Dedicated buttons give quick access to cutting and printing functions
- Save and recall 30 label designs using the internal memory

Epson LabelWorks LW-400VP

Handheld label maker, ideal for industrial environments

- Black rubber casing provides a protective barrier against scratches, accidental knocks and drops
- Sturdy carry case houses label maker, tapes, power cable and instruction booklet
- Ergonomic buttons and integrated keyboard
- Backlit LCD screen for a clear view

Epson LabelWorks LW-900P

Desktop label maker with up to 36mm width for fast, high-quality personalisation

- Desktop electronic label printing system that connects to your PC or Mac
- Ideal for office labelling, including filing, storage, asset tagging and barcode printing
- Easily insert images, borders, barcodes and symbols
- Import data from your computer (csv, xls(s), txt)

Epson LabelWorks LW-400

Advanced handheld label maker up to 18mm width with special format (barcodes and cables)

- Accepts 6, 9, 12 and 18mm tape widths
- Ideal for office labelling, including filing, storage, asset tagging and barcode printing
- Backlit LCD screen for a clear view

Epson LabelWorks LW-700

Flexible and easy-to-use label maker for busy working environments in and out of the office, up to 24mm width

- Connect directly to your desktop computer, or use separately as a portable device
- Lightweight, compact design saves work space and allows easy remote label making
- Print-preview graphic display – see labels before printing

Epson LabelWorks Pro100

Desktop label maker for permanent wide plastic labels up to 400mm width^{*2}

- Thermal transfer and direct thermal printing
- Accepts 50 and 100mm plastic tape widths and pre-cut thermal paper label rolls
- Borderless printing means more labels per tape – also create larger signs by printing an image or text across a number of labels and arrange side-by-side

NB: This device only uses Epson RC range supplies.

^{*1}Please refer to relevant product datasheets.

^{*2}Up to 4 labels of 100mm width pasted side by side.
